Mrs. A. Matthysse, Librarian

Dear Mrs. Matthysse:

I have today received a letter from Doctor Harold Bowditch, the historian of the family, who tells me that the letter from the Institut de France addressed to Monsieur Bowditch refers to an Englishman named Thomas Edward Bowditch, 1791-1824, a noted English traveller and scientific writer. He also informs me that the owner of the Stuart portrait of Nathaniel Bowditch is desperately ill and at the present time it would be impossible to obtain a photograph for you. Should you wish the photograph, if you will write to me in a couple of months I will be very glad to see what I can do.

Sincerely yours,

M. V. Brewington.
